OFFICE MEMORANDUM

THE COLLEGE OF WOOSTER

REC'D MAY 28 1969

To J. Garber Drushal

Subject:

From

Date May 27, 1969

At the first business meeting of the Campus Council, the student activity fee was divided, as I told you earlier, by giving the monetary amounts of 1500 students times the following figures in dollars to each of the following activities:

Lowry Center Board	\$14.50
<u>Voice</u>	4.50
<u>Index</u>	5.50
<u>Thistle-Rab</u>	1.50
<u>S. G. A.</u>	5.50
	<u>\$31.00</u>

In preparation for the 1970-71 year, the question must be raised why the student activities fee, as such, pays for part or all of Freshman Orientation, The Student Directory, The Scot's Key and Works and Facts for Frosh all from the S. G. A. budget. Furthermore, why is the S. G. A. financing an Abraham Lincoln Scholarship, an Alumni Scholarship, and what in the world is the Galpin Fund?

Similarly, why does the Lowry Center Board finance Homecoming, Parents' Day and Color Day? It would seem to me that these are events which are of far more interest to the Alumni Association and Public Relations than to the student body, and I would think that the funding should be from other College funds rather than from the student activity fee.

I am sure that you will find a similar recommendation coming from the Campus Council, not necessarily from yours truly, unless you can tell me why I should be "fighting" for another point of view.
